FUTHER DETAILS

EASY-CARE WOMEN'S COAT FOR HEALTHCARE, PHARMACY AND LABORATORY

This white women's coat made from a **cotton-polyester blend** combines a classic professional look with easy-care performance and durability. It is particularly suitable for **female doctors** as well as for use in **healthcare facilities, pharmacies and laboratories**. It is also a practical choice for **testing and development laboratories** where functional workwear and reliable professional laundering are important.

Particularly suitable for:

Female doctors working in medical practices, medical care centres and hospitals
Healthcare facilities and outpatient departments
Pharmacies and pharmaceutical workplaces
Testing and development laboratories

The **easy-care fabric blend of 50% cotton and 50% polyester** combines the comfort of cotton with the durability of polyester. The inside feels pleasantly soft, while the outside is designed to be smooth and hard-wearing. This makes the coat particularly suitable for workplaces where professional clothing is worn and washed frequently.

The **classic lapel collar**, regular fit and concealed press-stud front create a professional coat look. A **back belt and rear vent** support a classic fit while providing comfortable

WASHING INSTRUCTIONS

95°C Boiling wash (normal process)
Bleaching allowed
Mild drying process
Iron at moderate temperature
Professional dry cleaning

Suitable for industrial laundering - ISO 15797

freedom of movement throughout the working day.

One chest pocket and two side pockets provide practical storage for pens, smartphones, notes and smaller work essentials. For professional processing, the coat is **washable at up to 95°C** and **suitable for industrial laundering according to ISO 15797**.

This makes the women's coat a particularly practical choice for **medical practices, healthcare facilities, pharmacies and testing or development laboratories**, combining a classic appearance, durable fabric and professional washability.
