FUTHER DETAILS

COMFORTABLE STRETCH TROUSERS FOR HEALTHCARE AND NURSING

These men's stretch trousers are ideal for **doctors, medical professionals and nursing staff** who need maximum freedom of movement in their everyday work. They are particularly suitable for use in **hospitals, medical practices and healthcare facilities** as well as in nursing and care environments. Their professional look, comfortable fit and highly elastic fabric make them a reliable choice for long and active working days.

Particularly suitable for:

Doctors working in hospitals and medical practices
Medical professionals in practices and healthcare facilities
Nursing staff in hospitals and residential care facilities
Healthcare professionals who need plenty of freedom of movement

The **super-stretch fabric** provides excellent freedom of movement and supports active working throughout the day. The **regular fit** ensures a comfortable and professional appearance. Two practical side pockets provide space for everyday essentials, while the **secure back welt pocket** offers additional storage.

The durable fabric blend of **48% cotton, 48% polyester and 4% elastolefin** combines comfort, resilience and flexibility. The trousers are **washable at up to 95°C** and **suitable for industrial laundering according to ISO 15797**. This makes them

WASHING INSTRUCTIONS

95°C Boiling wash (normal process)
Bleaching allowed
Mild drying process
Iron at moderate temperature
Professional dry cleaning

Suitable for industrial laundering - ISO 15797

particularly suitable for professional environments where hygienic textile care is essential.

Available in **short, regular and long sizes**, these men's stretch medical trousers are a practical choice for different body heights and for outfitting teams in **medical practices, hospitals, healthcare and nursing facilities**.
