## The BP® design.

Functionality meets professional design. Our clothing doesn't just offer outstanding comfort and reliability – it ensures that you look the part and exude confidence in your work as a healthcare professional.

## A multi talented fibre.

- ✓ **Moisture-regulating, breathable and hygienic**  
TENCEL™ is a moisture-regulating fabric that feels pleasantly dry against the skin and is very comfortable to wear.
- ✓ **Long-lasting**  
BP® clothing made of TENCEL™ is exceptionally hard-wearing and durable.
- ✓ **Kind to the skin**  
The smooth surface of the TENCEL™ fibres gives BP® garments a lovely silky feel and minimises any risk of skin irritation. Ideal for sensitive skin.
- ✓ **Suitable for industrial laundering**  
Our TENCEL™ products are certified according to ISO 15797 for industrial laundering.
- ✓ **Environmentally friendly**  
Compared with alternative materials, the production process uses less natural resources like water.
