

BPLUS

Workwear solutions for every assignment.
The BPlus concept.

www.bp-online.com

BIERBAUM-PROENEN. SINCE 1788.

The BPlus concept: BPlus, BPlus Green, BPlus Modern Stretch.

12

BPlus
Everything you need to kit out your entire team.

28

BPlus Green
Sustainability combined with maximum functionality and durability.

32

BPlus Modern Stretch
Flexible and lightweight. For a whole new level of comfort.

The BPlus concept.

The **BPlus** concept offers you innovative workwear solutions for any assignment.

The variety of solutions from **BPlus**, **BPlus Green** and **BPlus Modern Stretch** complement each other and create a consistent overall concept that allows you to choose from a variety of different colours, fabrics and functions.

Durability. Wear comfort. Lightweight fabrics. Sustainable production. Appropriateness for industrial laundering. Women's fits. The **BPlus** products meet the many demands of work clothing worn today.

The innovative solutions from **BPlus Green** and **BPlus Modern Stretch** add to the concept and allow for a targeted implementation of the focus areas: **BPlus Green** is the most sustainable workwear solution from BP® and fulfills the environmental and social sustainability requirements of BP® like never before. **BPlus Modern Stretch** achieves new levels of wear comfort and functionality with its innovative stretch materials and 3D ergonomics.

The consistent colour concept creates unlimited combination possibilities for large teams – both within the **BPlus** solutions and in combination with other BP® solutions from the collections **Personal Protective Equipment**, **BP® Outdoor** and **BP® Essentials**.

- 06 The BP® quality**

Flexible and lightweight. For a whole new level of comfort.
- 42 BP® Outdoor**
When it's windy, wet and cold.
- 43 BP® Essentials**
T-shirts, fleece and soft-shell jackets.

Appropriateness for industrial laundering

The majority of BP® products carry the **PRO label**. The PRO label indicates that the product meets the requirements of ISO 30023. Tests have been conducted for suitability for industrial laundering in accordance with ISO 15797. However, the PRO label does not provide any specific care instructions. Real-life test washes in an industrial laundry should be carried out before using any BP® product.

Some of our products do **not** carry the PRO label. Nevertheless, they may be washed in an industrial laundry in certain circumstances. Extensive test washes should be carried out on these products especially, to ensure the correct care procedures are used. We classify our products' appropriateness for industrial laundering as follows:

- Low level of appropriateness for industrial laundering:** ≤ 40 °C, air drying
- Medium level of appropriateness for industrial laundering:** ≤ 60 °C, lower drying temperature
- High level of appropriateness for industrial laundering:** ≤ 75 °C, tumble/tunnel finisher drying

Successful cleaning and the wear and tear on clothing are determined by the following four basic parameters: chemistry, mechanics, temperature, time (Sinner's Circle). To keep things simple, the classification above only considers the washing and drying temperature. The other factors should naturally also be taken into account when carrying out real-life test washes.

The classifications regarding appropriateness for industrial laundering can be found next to the product illustration.

BP® OUTDOOR
BP® ESSENTIALS

Bierbaum-Proenen. Since 1788.

**BP® quality:
you can rely
on us.**

Stephan, BP® quality laboratory

BP® has work clothing solutions for physically demanding work settings that call for clothing you can rely on.

The collection also uses materials of the highest quality. Our own BP® quality laboratory in Cologne ensures a consistently high level of attention to all of the clothing details that matter to you in your daily work, helping to make your working day that little bit easier.

This is all the result of many years of development work, lots of one-to-one discussions with our customers, of expertise and a great deal of passion and creativity.

We make the difference you can feel and rely on.

Names, logos, lettering or motifs – with BP®, you can easily individualise your BPlus workwear.

Our options, namely

- > embroidery
- > embroidered emblem
- > transfer print

are always tailored to the respective BPlus product.

And, of course, all finishing materials used by BP® are suitable for industrial laundering in compliance with ISO 15797.

**The BP® logo service:
make it your own!**

When reviewing sustainability in the textile chain, we work with high-profile institutions to create transparency.

In addition, in our annual Sustainability Report we report on our activities, our successes and the areas where there is still room for improvement:

www.bp-online.com/en/bp-responsibility

We at BP® consider openness and transparency to be the foundation for a process of continuous improvement.

**BP® is committed to responsibility:
already since 1788.**

Our social responsibility:

BP® has now been named Fair Wear Leader eight times in succession. The aim of the FAIR WEAR FOUNDATION is to improve working conditions for people working in the international clothing industry.

The **Supporting Fairtrade Cotton** programme targets the people right at the start of the value-added chain in the textiles sector: the farmers who grow and harvest the cotton.

This programme allows the farmers to sell greater quantities of their cotton, which not only opens up new avenues to fair trading conditions but also creates opportunities for social change.

One of many sustainable BP® partnerships.

team power

BPLUS

BPlus. Everything you need to kit out your entire team.

BPlus is the heart of the **BP Workwear**® concept and fulfills all of the requirements for wear comfort, functionality and durability. **BPlus** also offers many products with fits specially made for women.

The wide range of models, practical details and colours allows you to perfectly outfit your entire team: all **BP**® solutions from the **BPlus** concept match in colour and design. This means even teams with very different needs can be outfitted with a uniform look. This is also the case for the collections from the various areas of **Personal Protective Equipment (PPE)**, which are available from **BP**® under the name **BProtected**®.

BPlus offers:

- ✓ A wide variety of fits and sizes for men and women
- ✓ Lightweight and fast-drying, breathable and elasticated materials
- ✓ A lot of freedom of movement thanks to perfect fits
- ✓ High wear-resistance and durability
- ✓ Suitability for industrial laundering according to ISO 15797

The Fairtrade Sourced Cotton model enables Fairtrade cotton producers to sell more of their cotton under Fairtrade terms. For further information go to www.info.fairtrade.net/sourcing

BPIUS^{GREEN}

100% durability	100% functionality
100% sustainability	300% performance

BPlus Green. Sustainability combined with maximum functionality and durability.

BPlus Green is extremely **hard-wearing**: made of canvas fabric with Cordura®-reinforced knee pad pockets. Suitable for industrial laundering according to ISO 15797.

BPlus Green is **multi-functional**: with an ergonomic cut, innovative pocket solutions and sporty reflective elements.

BPlus Green is **sustainable**: made of **65% recycled polyester** and **35% sustainable cotton**. And every **BPlus Green** product contains at least **18 PET bottles**. This greatly reduces the water, CO₂ and energy needed for manufacture compared to using new polyester.

BPlus Green offers:

- ✓ Extreme durability
- ✓ Innovative functions
- ✓ The use of sustainable raw materials
- ✓ Production with less water, CO₂ and energy
- ✓ Ergonomic fit with a modern design
- ✓ Suitability for industrial laundering according to ISO 15797

The Fairtrade Sourced Cotton model enables Fairtrade cotton producers to sell more of their cotton under Fairtrade terms. For further information go to www.info.fairtrade.net/sourcing
